

2022 Annual Conference

Bringing Death Back Into Life

Re-building the Future of Palliative and End of Life Care

"Dying in the 21st century is a story of paradox."

Through the voices and experiences in care and caring, this conference explores some of the paradoxes presented within the Lancet Commission report on the 'Value of Death: bringing death back into life' (pub. Jan 2022) while reflecting on current practice and approaches.

The conference will also consider ways and approaches in how we respond to this challenge to palliative and end of life care of the future.
